Six Accidents On Highway Result In Several Injured

Many Citations Issued As Wrecks Occur In Wide Area

Six motor vehicle accidents, in one of which five people were injured, were reported by the California Highway Patrol during the past week.

The most serious occurred Sunday afternoon at 2:30 three miles north of Tahoe City on Highway 89, when cars driven by Dr. Lee Hand of San Francisco and Orville Hart, Sacramento, crashed, sending three to the Tahoe Forest Hospital by Truckee ambulance and two to their own doctors.

Hart suffered a broken leg and other injuries, while Margaret Hart and Mrs. Alma Corell both in the Hart car suffered lesser injuries. Dr. Hand and Mark Hand were treated for minor injuries. Patrolman Martin Stureke and Roy Stallard cited Dr. Hand for being across the center of the highway.

Ralph N. Peacock, Newcastle, was treated at the hospital Tuesday at 5:15 a.m. after he apparently fell asleep while driving three miles west of Truckee and his car ran off the road. He was cited by Patrolman William Gautsche for speeding and being on the wrong side of the highway.

In a rear end collision six miles east of here Friday at 4 p.m. cars driven by Chester R. Cass of Yuba City and Emil Trinny of Richmond were damaged but the occupants escaped injury.

Another rear end collision occurred Saturday at 10:30 a.m. at the observation point near Donner Summit when a car driven by H. S. Snoen of Soda Springs was struck by one operated by Ernest Boston of Berkeley. Boston's 2-year-old daughter was treated at the hospital for minor injuries.

Charles R. Priddy, Jr., Chico, was cited when his car and one driven by Jean Goodsell, Oakland, collided five miles west of Tahoe Vista on Route 28 Saturday at 5:30 p.m.

John Horn of Rocklin was cited after his car ran into a guard rail eight miles east of Truckee Saturday at 1:30 a.m. Patrolman Stallard investigated.

PATROL SERGEANT WARNS OF TRAFFIC

Sgt. Ed Freeman, in charge of the Truckee sub-division of the California Highway Patrol, this week issued a plea to motorists to use utmost caution in driving during the forthcoming Labor Day weekend.

Aside from the full complement of local officers, an additional officer has been assigned to this resort area to handle what is expected to be the biggest weekend for traffic on record.

"While we will do our very best to prevent accidents, it will be entirely up to the motorist to see to it that the holiday weekend passes without tragedy," Sergeant Freeman declared. "If all traffic laws are obeyed and all safety measures lived up to, there should be no trouble, but just one lone violator can create a hazardous condition and it will be our job to try to stop that violator before he can cause an accident."

Parent Nursery School Activities Will Start

The regular session of the Truckee Parent Nursery School will begin on Wednesday, September 7 at 1 p.m. in the kindergarten of the grammar school.

An evening meeting on Tuesday, September 6 of the parents will be held in the cafeteria of the high school at 7:30 p.m. Everyone interested should be present at this meeting.

Mrs. Elaine Wright, the nursery school teacher, has finished a 10-day course at the University of California at Davis in nursery school organization and direction. She was one of 40 selected from the entire State of California to attend this session and she received an A for her work.

Mrs. Virginia Robarts, president, stated that she was expecting a large enrollment with excellent programs and activities planned for the year. Anyone wishing further information may contact Mrs. Robarts of Truckee or Mrs Wright in Tahoe City.

HAS OPERATION

Tom Grow, son of Mr. and Mrs. Leslie Grow, underwent an operation for the removal of his appendix at the Tahoe Forest Hospital Monday night. His condition today was reported excellent by Dr. L. D. Nelson, who performed the operation.

In Grass Valley—
Mrs. Judy Thatcher has moved from Carnelian Bay to Grass Valley where her daughter has entered school.

Land Owners Ask Bob Sled Run For Donner Summit

AUBURN—Mrs. Wayne Poulsen, one of the owners of property in Squaw Valley, Placer County, told supervisors of Placer County the bobsled runs for the 1960 winter Olympic games should be built on Donner Summit and not in Squaw Valley.

Mrs. Poulsen made her statement as part of a recommendation for appropriation of funds to establish a planning consultant for the county. She said one of the things he should study is the costly building of bobsled runs necessary for the Olympic program.

NY Runs Were Costly

"The bobsled runs at Lake Placid, New York, were very costly, and those in the 1952 games in Norway caused a lot of trouble," she said.

"If they are built in Squaw Valley, they will have to be torn out later. It would be less expensive and more practical to choose a site on Donner Summit to build them."

She expressed the opinion all other winter Olympic facilities can and will be constructed in Squaw Valley.

Supervisors, who had previously declined to include funds in their 1955-56 budget for a planning consultant, voted to include "sufficient funds" for a consultant in the budget, but did not specify the amount.

Planners Support Action

Supporting the action were President E. A. Grey and T. J. Pugh of the Placer County Planning Commission, and George Linsley, a member of the Roseville City Planning Commission. Pugh had invited Mrs. Poulsen to speak during the hearing.

Linsley stated the City of Roseville favored a joint city and county consultant and was willing to appropriate $1750 annually for two years for such services. The City of Auburn is on record to appropriate $750 toward such a fund.

The proposal has not been supported by Lincoln, Rocklin and Colfax.

Engle Makes Tour To Study Wild Life

Congressman Clair Engle, Red Bluff, will address a public sportsmen's conference to be held on the evening of Friday, September 2, in the Hotel Auburn, according to President Clayton R. Taylor of the Placer Sportsmen. Members of sportsmen's organization from Nevada, Sierra, Placer and Sacramento counties have been invited. Congressman Engle's speech will follow a three-day horseback survey of forests, fish waters and game conditions throughout the primitive High Sierra region of the Tahoe National Forest.

Congressman Engle will be riding with L. A. Rickel, supervisor of Tahoe National Forest, and will be accompanied by Seth Gordon, director, and Lawrence Cloyd of the California Department of Fish and Game; George James and Fred Cronmiller, assistant foresters of the U. S. Forest Service; Wendell Robie, California State Board of Forestry; Robert Bibby, Sacramento Region Sportsmen's Council, and Howard Smith, Max Williamson and Herbert Grandholm of the Tahoe National Forest.

Congressman Engle stated that sportsmen's organizations have complained to official bodies in Washington and Sacramento of the depleted sports resources in this area due to the increased use of the hundredand fifty lakes area of the Tahoe Forest by Sacramento and bay area population.

"I want to speak from personal observation," Engle declared, "when I continue the efforts I have made over several years to provide adequate funds for recreational and sportsmen's use of the the High Sierras, which is one of the finest in the nation."

TOBIASSEN ILL

Carl Tobiassen, former Nevada County sheriff and noted barbecue chef, was rushed to the Nevada County Hospital Monday after he suffered a sudden heart attack while at work.

Planners Approve New Zoning Law For This District

District Attorney Will Map Legal Angles Before Presentation

After unanimous approval by the Nevada County Planning Commission, the tentative ordinance for zoning this end of the county as a safe-guard against undesirable structure and abuses of sanitary regulations, has been referred to District Attorney Vernon Stoll for proper phrasing before going to the board of supervisors at their October meeting.

The planning commission met Tuesday at Nevada City with Hal Welch, president of the Truckee Chamber of Commerce in attendance to urge action on the proposal.

The need for some sort of regulation of housing and business establishments in this area was seen in the preparations soon to be going forward for the 1960 Olympic Winter Games at Squaw Valley.

In light of the forthcoming expected influx of residents the chamber of commerce, cooperating with the state housing commission and the planning commission, prepared a tentative ordinance which will prevent undesirable building in the district between Hirschdale and Kingvale for a mile on either side of U. S. Highway 40. C. Edmunds, a member of the planning commission as well as the Lahanton Pollution Board, is strongly in favor of the proposed regulation, and the measure has received almost unanimous approval by local and nearby civic groups and individuals.

Welch said the district attorney will rephrase the ordinance, providing for the type of structure, its location and establish penalties for violation, before passing it on to the board for final action.

The local chamber president recently appointed a committee to work with county officials in outlining the suggested ordinance. This committee embraces members from all parts of the affected district.

AUTO ACCIDENT IS BASIS FOR ACTION

NEVADA CITY—A personal injury suit for $50,000 has been filed in Nevada County Superior Court by Andrew Garcia against Gerald Quam for inpuries sustained in an automobile accident June 12, 1955.

In the complaint, filed by Attorney William Carver of Truckee, Garcia alleges that on that date he was a passenger in an auotmobile driven by Quam and that Quam, driving in a careless and reckless manner caused the car to leave the road and overturn, seriously injuring the plaintiff.

In addition to the $50,000 for injuries, Garcia also asks $500 for loss of earnings during the period he was hospitalized and $660 medical expenses.

Regular Meeting Resume For Eastern Star Tuesday

Regular monthly meeting of Truckee Chapter, No. 116, Order of Eastern Star, will resume September 6 after a recess of two months.

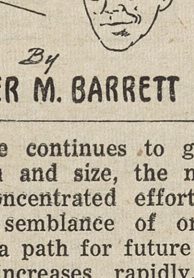
The theme for the evening will be "Back to School" with Estelle Englehart as program chairman and Dorothy Rose, chairman of the refreshment committee. All members of the Star are invited to attend. Worthy Matron Hilda Hintz and Worthy Patron Dan Anderson will preside.

Mrs. Kaler Will Provide Program For Wyethia

Mrs. J. E. Kaler will give several readings and recitals for the program feature of the 8 o'clock meeting to be held in the Wyethia club edifice tomorrow. Mrs. Charles Heller will preside and hostesses for the evening are Mesdames Jack Wolert, and A. Allison.

Hospital Patient—
Mrs. Pearl Landry was entered as a patient in Tahoe Forest Hospital this week.

SUNBEAMS



By
WALTER M. BARRETT

As Truckee continues to grow in population and size, the need for more concentrated effort to maintain a semblance of order and provide a path for future development, increases rapidly. It is true we have numerous district boards, each with individual functions and problems and, each doing what they believe best for their particular district, but from an overall standpoint, we are growing up like Topsy. We find ourselves short of adequate facilities and without a means of providing them; we have no self-government, but are regulated and taxed by the county as a whole, with only the voice of the individual being heard and then too often ignored. Our chamber of commerce is putting up a good fight for more local recognition and more well-earned assistance, but this effort is often met with indifference. We believe the time has come when a presentation of facts on incorporation is needed. If these facts show that we can prosper and become self ruling at a cost no greater than we are now paying, we feel that we would be on the road to sound development as a recognized city, capable of forming our own future and in a position to receive as well as give.

* * *

With the Labor Day weekend upon us, we would like to again suggest that lives can be saved and tragedies averted if we will all obey the traffic laws to the letter and give every other driver the same courtesy which we expect. Officers cannot be everywhere at one time, so it's a matter of taking care of ourselves and to do this we should be careful and never take even the slightest chance.

Baby Unharmed In Lone Visit On US 40

Hank Ketchum's "Dennis the Menace," popular cartoon figure, has nothing on Dennis Evans, two year old son of Sgt. and Mrs. Evans of Burbank where the sergeant is a member of the police department.

Little Dennis took advantage of the unlocked door at the motel on Donner Lake where his parents were spending the night and attired in his sleepers, walked out onto Highway 40 at 1 a.m. Tuesday morning, the tired parents slumbered blissfully on, unaware of their son's departure.

Two speeding trucks roared by as Dennis stood in the center of the highway, but the third driver stopped and took Dennis to the nearby home of Mr. and Mrs. Emory Landers and a subsequent search restored the little fellow to his mystified but grateful kin.

Rev. Osmans Parents Of Son At Hospital

Eric Douglas were the given names chosen for the new son in the family of Rev. and Mrs. Wesley Osman, welcomed in Tahoe Forest Hospital on August 28. The boy's birth weight was 6 pounds and 6 ounces.

Dr. Ben King was the attending physician.

TO COLORADO

Mr. and Mrs. Gus Benjamin are leaving today for Grand Junction, Colo., and other cities on their vacation itinerary. The couple entertained Mr. and Mrs. Al Chambers and sons, Craig and Dennis of Wells, Nev., earlier this week.

MUST REGISTER

All high school students who have not previously registered for classes for the 1955-56 school year are requested to register at the Tahoe-Truckee High School on Friday, September 2, from 9 a.m. to 3:30 p.m., or Saturday, September 3, from 9 a.m. to 12 noon.

Roads In Region Receive Boost By State Chamber

Bridge At Tahoe, Replacing Hobart Road Among Proposals

Recommendations for 112 state highway improvements, including the four-laning of U. S. Highway 40, were made to the State Highway Commission last month by the Sacramento Valley Council's regional highway committee of the California State Chamber of Commerce.

The recommendations will be considered by the commission in its study of the 1956-57 highway budget.

The chamber's proposal were listed by William J. Tunison of Westwood, chairman of the chamber committee.

As well as urging the four-laning of Highway 40 throughout this area, the chamber proposes a relocation of State Route 83 from Truckee to two miles north of Hobart Mills, a distance of nine miles.

In its recommendations for El Dorado County, the chamber of committee proposes realignment and reconstruction of 10 miles from the west side of Lake Tahoe from the Tahoe Y to past Emerald Bay, with a bridge crossing Emerald Bay.

BUCK STEW PLANS TO BE MADE TODAY

All members of the Truckee Outdoor Sportsmen are being asked to attend the meeting at Capitol Hall tonight at 7:30 when plans will be formulated for the 1955 annual buck stew.

Vice President Charles Osburn will preside at the session and committees will be named to make arrangement for the big event slated for early in October, the date to be determined tonight.

Clarence Osburn will display pictures taken during the family picnic held a few weeks ago at Rock Bound.

STUDY OF VALLEY FOR GAMES STARTS

AUBURN—The Placer County Planning Commission has named a committee of three of its members, Franklin Tuttle of Auburn, Harry Stubley of Tahoe and Tom Pugh of Roseville, to study the situation at Squaw Valley and outline a program on which the commission can act.

The action was taken following a discussion Friday on expected developments in the area as a result of the 1960 winter Olympics.

Transportation, housing and sanitation were the principal problems considered.

The need for some type of sewage system was brought out in discussions by C. Edmunds and J. T. Leggett of the Lahontan Water Pollution Control Board.

Bank Of America Will Provide Branch At Fair

To accommodate exhibitors and visitors, Bank of America will maintain a branch at the California State Fair in Sacramento from September 1 to 11, it was an-announced today at the statewide institution's San Francisco headquarters.

For the third straight year this branch will be headed by John Lemly, from the real estate development department of the bank's Sacramento main office. There will be eight full-time staff members, with two more assigned to help with the rush of Saturday, holiday and evening service.

Business Trip—
Mrs. W. F. Wilkie returned to San Francisco tomorrow following a business trip here. Mr. and Mrs. C. B. White have been her hosts during her stay.

At McKay Home—
Guests of Mrs. Elizabeth McKay this week were Mrs. Bertha Tottinger and Mrs. Eleanor Tottinger both of Reno.

Visiting Sister—
Miss Lily Fleckenstein of Folsom has been visiting here with her sister, Miss Mary Fleckenstein for the past several days.

Rotary Club Gives New Equipment To Hospital Here

The Truckee Rotary Club, which last year purchased and presented a new blood-bank refrigerator to the Tahoe Forest Hospital, is now purchasing a heat applicator, costing nearly $200, to the local institution.

At the meeting of the club Monday night at Donner Lake Lodge, members contributed $168 toward the project and voted to take the balance from the club's treasury, making it immediately possible for the hospital to obtain the instrument.

The action followed a recommendation by William Carver who had been appointed to determine what equipment was most needed by the hospital. The club plans to continue such donations as part of its community service.

"We are proud of the way our hospital receives praise from persons who have used the facilities," a club spokesman declared. "All praise has been given freely of the fine care administered and good equipment helps the staff perform the work in such a satisfying manner."

Ralph Snavely, a career navy officer, gave a brief report on his work at an eastern torpedo station and Hes Cardinal showed pictures of the Realm of the Wild, a forest service film showing wild animals of the United States.

There will be no meeting next Monday due to the holiday and the next meet will be September 12. A roundtable will be held Monday for visiting Rotarians in the area.

Shirt Ironing Becomes Assembly Line Trick At Fontana's Laundry

Ordinarily, ironing a shirt is a rather simple but tiresome and lengthy procedure, taking an industrious ironer 20 minutes or so in the process, but the marvel of machinery has turned the task into a real assembly-line trick and results are far more satisfactory than the old method.

At Fontana's Laundry a rather sizeable section of the huge establishment is taken up with complicated machinery, designed in five separate units and operated by two efficient women all for the purpose of pressing and preparing a shirt for delivery.

The first step sees the garment completely disappear as it slides smoothly over a form and is automatically pressed. The operator then removes the shirt from this apparatus, slides it onto another where the sleeves and cuffs are pressed smoothly and then onto a collar pressing machine and finally into a packaging machine where cards, paper and wrappers are automatically fitted and the shirt is ready for delivery.

The whole procedure takes far less time than it would to sprinkle and get the garment ready for ironing under the old hand method and when finished it is like new.

Mr. and Mrs. Nat Quilici may well be proud of the new equipment which is giving more and better service to patrons.

Marysville Couple Will Operate Summit Lodge

Mr. and Mrs. Charles Black, recently of Marysville who were in Truckee on Monday, announced that they had taken a lease of Big Bend Inn near Soda Springs, from Mrs. J. Moore of Sacramento. The couple have three children and two will enter the Truckee High School on September 6.

ANNIVERSARIES

Several local birth dates during August included that of Mrs. Claude Harrison on the 29th. Mrs. Robert Leamon proceded it by one day and the wedding anniversary of Mr. and Mrs. Leamon was celebrated on the same date. Mrs. I. Firpo was feted earlier in the month and Harold Langille observed his natal date on the 14.

Pitts Visits Children—
Mr. and Mrs. A. R. Pitts of Woodland are visiting their son-in-law and daughter, Mr. and Mrs. James Pryor and the couple's 3-months-old son, Scott.

Board Delays On Request For 2nd Truckee Deputy

Proposal Has Backing By Local Chamber And Officials

Final action on the request for a second Truckee deputy was postponed by the board of supervisors today pending the return of Supervisor Coughlin, currently in a hospital as the result of being thrown from a horse yesterday. County Clerk R. E. Deeble said the board wants a full attendance before a final vote is taken.

The Nevada County Board of Supervisors today was expected to take final action on a joint request from the Truckee Chamber of Commerce, Sheriff Wayne Brown, District Attorney Vernon Stoll and others for a second deputy sheriff in this end of the county.

At an adjourned meeting of the board two weeks ago, the matter was presented by Hal Welch, chamber president and Sheriff Brown as an urgent matter, figures being presented to show the need for additional police protection here.

The board was divided on the issue, with the matter of the budget apparently the big stumbling block. It was generally conceded that th additional deputy was needed but that in view of the increase in taxes, despite an increase in assessments, the board was attempting to reduce costs. The request was put over until the regular October meeting today.

Supervisor H. G. Loehr said he would urge other members of the board to permit the employment of the second deputy with the necessary money for salary to come from the general fund until such a time as it can be budgeted in the regular manner.

Bartender Swims Length Of Tahoe

KINGS BEACH—Despite prophesies by other expert swimmers that "it can't be done," Fred Rogers, 29, South San Francisco bartender Sunday swam the length of Lake Tahoe, making the 23-mile gruelling swim in 19 hours, six minutes and six seconds.

Rogers entered the lake at Kings Beach at 11:30 p.m. Sunday and was greeted by a crowd of 400 near Bijou shortly after noon on Monday. Unlike the other swimmers who have tried, Rogers said the cold water didn't bother him, although he suffered leg cramps and was extremely tired when he completed the distance.

Jose Cortinas, 39, Cuban born swimmer, who entered the lake with Rogers, pulled into shore at Bitler's Point, four miles short of the goal. He was placed in an ambulance and rushed to Tahoe Village where he was put under medical attention. His companion, Miss Marian Boone, who said she is publisher of Water Sports Magazine, claimed the two swimmers finished in a dead heat. She complained that a pilot boat deserted Cortinas and she was bitter in her remarks about the Lake Tahoe Swimming Association, which sponsored the endurance swim.

Rogers and the Cuban swam side by side until Monday morning when the former increased his speed.

During the summer, Rogers works as a lifeguard at Tahoe Village and he was sponsored in the swim by Mr. and Mrs. Oliver Kahle of that south-end resort. Last year he swam across the lake, setting the third fastest time for that distance.

Both swimmers had been unsuccessful in previous attempts to swim the length of Tahoe.

Rebekah Lodge Plans Reception For Official

Naomi Rebekah Lodge, No. 2, discussed plans for a dinner to be given on September 28, in honor of the president of the Rebekah assembly at the meeting held on August 24, at which Leonore Vind presided. Reservations for the coming event may be made by contacting Pearl Heller prior to September 20. Transfered members, Mr. and Mrs. William Carver and Mrs. Thelma Norris were extended the official welcome into the local lodge at the meeting.

SUIT FILED AFTER BIG BEND ACCIDENT

NEVADA CITY—A suit seeking $50,000 damages was filed in the superior court by Virginia L. True against Loyd A. David and Rubel H. David.

The plaintiff claims she was injured in an automobile collision near Big Bend last February 25, while riding in a car driven by Roberts A. Schaffer.

AFFAIRS OF STATE

by
Henry C. MacArthur

SACRAMENTO (CNS) — More than cursory interest is being shown in the interim committee headed by Assemblyman Sam Geddes, of Napa County, which will probably conduct a full-scale investigation of state civil service.

The announcement that Lawrence Benedict has been named by Geddes as the secretary of the committee indicates that the Napa county assemblyman plans to go thoroughly into the subject.

Benedict is a former newspaperman, formerly a Washington correspondent, and at one time was a representative of both major and independent oil companies at the California legislature. He is an ex-army man, and spent some time in Japan in administrative work.

Already, the committee has publicized the coffee-loafing time enjoyed by the government employes, and this will be one of the items it will probe further, it was indicated here.

A full-scale investigation of the state's civil service set-up is long over-due, if the letters and comments that have reached this writer following some exposes of activities within the sect are any indication.

When the people of the state of California voted civil service into the constitution more than 20 years ago, they little knew they were creating a challenge to the very republic for which the founders fought a revolution. They little knew they were creatiing a special and coddled class of people within the state, and giving this class the opportunity to become masters of the people rather than servants.

Unfortunately, every time anyone has criticism of civil service, its proponents merely reply "well, you don't want to go back to the spoils system, do you?"

The answer to this question is that perhaps the spoils system was the anticipated system upon which this government was founded, at last to keep it in the hands of the people, rather than in the hands of the bureaucrats.

Objectively, the constitution anticipates that when the people of the state elect a governor, they expect the governor, whatever party he may be, to carry out his policies, and be responsible for the people for the government of the state.

Under the present civil service system, the governor has no opportunity of carrying out his policies, for the simple reason that if a civil service employe who happens to disagree with the governor's policy is in control of a division or section of a department, then the sabotage can start. And should a governor attempt to whip employes into line to get maximum efficiency, the sabotage would start anyhow.

The fact that the duly elected representative of the people is denied the right of placing his own men and women in key jobs, other than the directorships and commissions, has robbed the people of their right to self-government, and turned it over to the bureaucratic management which is the bane of anyone trying to do business with the government. Of course, the people have no one but themselves to blame for this situation, having voted in civil service in the first place.

But if the situation is called to their attention through the medium of committees like that headed by Assemblyman Geddes, there may be, after a period of time, enough interest expressed to rouse the public to accept some much needed change in the constitution and civil service laws.

Planting Of Fish From Planes Near Completed

Planting of 3,670,000 rainbow, eastern brook and brown trout fingerlings by airplane into 646 California high mountain lakes has been completed by Senior Warden Pilot A. L. Reese and his crew, the department of fish and game revealed.

Still to be planted are about 400,000 cutthroat and golden trout fingerlings, which will be dropped about the middle of September. These fish, hatched from wild eggs, are planted later because of the late spawn in the high country.

Aerial planting began this year on June 29 and the major part concluded by August 5. During this period Reese and his assistant, Warden-Pilot Carrol Faist, flew 18,000 miles, and planted lakes from Lake Arrowhead in San Bernardino County in the south to the Oregon line on the north.

When the golden and cutthroat trout planting is finished, the total number of lakes planted will reach 700.

All are high country waters with the highest lying at morethan 11,000 feet elevation.

At the same time it was disclosed that the department air crews, during the fiscal year ending June 30, 1955, had flown 235,000 miles performing duties ranging from fish planting, patrol work, serial waterfowl and game censuses to ocean fish surveys.

State of California
Department of Public Works
DIVISION OF HIGHWAYS

NOTICE TO CONTRACTORS

SEALED PROPOSALS will be received by the Department of Public Works, Division of Highways, at the office of the District Engineer, 703 B Street, Marysville, California, until 10 a.m. o'clock on September 15, 1955. at which time and place they will be publicly opened and read, for performing work as follows:

Nevada County, at Donner Summit Maintenance Station (III-Nev-37-C), roof on wood frame metal covered building to be repaired.

Plans and specifications, and forms of proposal, bonds, and contract may be obtained at the above address.

No bid will be considered unless it is made on a proposal form furnished by the District Engineer, and is made in accordance with the provisions set forth under Section 2, "Proposal Requirements and Conditions," of the Standard Specifications. Each bid must be accompanied by a proposal guaranty in accordance with the requirements of Section 2, article (g), of the Standard Specifications.

The Department of Public Works reserves the right to reject any or all bids.

The quantities listed in the State Highway Engineer's Estimate hereinafter stated, are approximate only, being given as a basis for the comparison of bids, and the Department of Public Works does not, expressly or by implication, agree that the actual amount of work will correspond therewith, but reserves the right to increase or decrease the amount of any class or portion of the work, or to omit portions of the work, as may be deemed necessary or advisable by the Engineer.

Bids are required for the entire work described herein.

In accordance with the provisions of Section 1770 of the Labor Code, the Department of Public Works has ascertained the general prevailing rate of wages applicable to the work to be done to be as follows:

Rate per hour	Classification
$2.90	Carpenter
2.175	Laborer
2.725	Painter
2.75	Roofer
3.00	Sheet metal worker

Any classification omitted herein not less than $2.175 per hour.

Overtime—not less than one and one-half (1½) times the above rates.

Sundays and holidays—not less than one and one-half (1½) times the above rates. The holidays upon which such rates shall be paid shall be all holidays recognized in the collective bargaining agreement applicable to the particlar craft, classification or type of workmen employed on the project.

NORTH TAHOE

By JUDGE HARRY CHARRISON

Rough and Tough

Well, the results of 10 weeks of traveling over the Truckee short-cut, every day, back and forth are, four times ruined, a big repair job and lost temper. Some of it is wonderful but other parts are awful. It's a shame because there is no prettier drive. Let's hope the promise of a brand new road for 1956 will materialize, so that we might get some relief from years of slavery.

Company

Had some visitors from Arizona last week —we had not seen them for 12 years, Mrs. Harry S. Haver and daughter, Helen, first dropped in on Elsie at the hospital, surprising her greatly. And by the way my little wife is now at the Washoe Hospital taking spinal treatments for about a week, after which Dr. Sklar says she may come home, on crutches of course. So it won't be long now.

Eats

Sometimes batching it has its good points. Sunday I had a most delightful dinner at Meredith and Dee Siples' down on the highway, and then later had the pleasure of feasting with Wyman and Beverley Williams up above us. See what I mean.

Mother

The Feltes have Kay's mother visiting them from Washington State. She intends to stay a couple of weeks, and are the children enjoying her, of course. They can get away with a whole lot more with her there.

Closing In

The season is gradually drawing to a close. Here we are with Labor Day just around the corner. What a short season it seems to have been for most of us. It has been a grand one, but by all accounts nobody became millionaires in the process of trying. In my business it has been a record-breaker—is that good? for the county, yes.

Sold

Mrs. Ray Davis tells me they have sold their house over from us on the golf course, but says, too, they intend to start to build on their lot next to the Riolo home just a little north of their present hme. The Davises have been here for many years, and now just can't leave the beautiful lake.

Leaving

A few of the girls had their last fling in the high school gym last Saturday night and had a good game of basketball, the girls will be leaving for college training and many a sad little heart at leaving dear old Tahoe-Truckee High.

Excitement

Lots of excitement at Carnelian Bay last Thursday noon when four husky guys went on the rampage, shooting firearms and generally scaring the people of the neighborhood. These men were living in apartments there. Constable Richard Lavery apprehended them and lodged them in the Truckee jail. They were brought back to Kings Beach. These men are out-of-towners, are Harold Pierson, Hiram Jones, Carl Oscar Burris, and Basil Newton. Each one pleaded guilty to the charge of disturbing the peace, and were fined $100 each and sixty days suspended, and ordered to move from their apartments and out of the state, or suffer the jail term. The firearms were confiscated also one William Brown Buddie, was arrested in San Diego for the theft of around $700 and a Buick car from the White House in Carnelian Bay and he will be up for hearing in a day or two. Many other arrests have been made for one thing and another. The constables and deputies have been working overtime lately. Oh, yes, we have had another deputy sheriff from Auburn here to help out on what has been a virtual crime wave. He is Dick Shepherd.

More Building

I hear Blain Epperson of Canary Cottages, Kings Beach, is to start building a dozen cottages on that property, and maybe get them built and ready for business next spring.

New Look

It won't be long before the Stop-n-Shop will have taken on a new look. I understand the strikes have have had a great deal to do with the delay. Some of the other markets have had a real boom in business since the disasterous fire of Mizners.

Benefit

I am told that the special show of top stars was held at the Tahoe Biltomore last Saturday in the a.m. which was put on for the benefit of those that lost most of their belongings in the disasterous fire in Crystal Bay a couple of weeks ago. The response was just as all others have been in an emergency in the past years—just remarkable the way people chip in.

LAKE LEVEL

TAHOE CITY—Cool mornings and evenings, with bright warm afternoons predominate at Lake Tahoe. The lowest temperature for the week a cool 36 on Friday with the high of 78 on Sunday. The level of the lake stood at 6226.04 feet on Monday, Art Fordenberg, cooperative observer said.

ACTION FOLLOWS ALLEGED FIGHT

AUBURN—Harry S. Street has filed a petition to be named guardian ad litem for his daughter, Caroline Diane, 16, who, he says, has a cause of action against Florence Hopkins Hills following an August 18 altercation at Lake Tahoe.

The petition states the action is based on an incident in which the defendant "beat and assaulted the petitoiner," who joined with her father in the application.

No actual damage action was filed against the defendant in the petition for appointment of a guardian.

The total national production of lettuce in 1954 was 2834 million pounds.

FORMER EMPLOYE HELD IN ROBBERY

TAHOE CITY—Deputy Sheriff Harry Johanson reports this week that William Brown Buddie, formerly employed as a dishwasher at the White House in Carnelian Bay, is now in custody in San Diego, being held in connection with the theft of $670 and a car from the lake resort.

Johanson says the man, whom he suspected at the time of the robbery, was first apprehended in Sacramento, shortly after the officer had sent out a teletype for his arrest. In San Diego the man is also being questioned in connection with other recent burglaries in this region, and will be questioned regarding the Lakewood Lodge robbery and the rifling of the Tahoe City Postoffice.

SUMMARY OF THE PROCEEDINGS OF THE BOARD OF SUPERVISORS

Monday, August 22, 1955

The adjourned meeting convened at 10:00 o'clock A.M. with Chairman John L. Frank presiding. On roll call, Supervisor Guy N. Robinson was noted absent.

The minutes of the August 1 meeting were read by the Clerk, approved and ordered adopted.

The Board listened to a committee from the Truckee Chamber of Commerce urging the appointment of a second deputy sheriff for the Eastern end of the County. Sheriff Wayne Brown was present during the discussions and added his plea to that of Hal Welsh who acted as spokesman. Because of the absence of Supervisor Robinson, the final decision was postponed until the September 1st meeting.

John W. Zhihara was informed there is no legal way the County can supply him with culvert pipe to improve the parking facalities at his place of business near Soda Springs.

The Board executed the contract with S. M. Chileski for erection of the Juvenile Detention Hall, and issued a minute order to the Road Commissioner to do the rough grading.

The following claims were approved and ordered paid:

General Fund, Warrant No. 3232, $665.64.

Special Road Improvement Fund, Warrant No. 228, $10,007.00.

Supervisor Curtis R. Clark was given permission to be absent from the State of California from September 17 until and including October 20, 1955.

The County Treasurer and the County Auditor joined in recommending that the County borrow $175,000.00 on a tax anticipation note to tide over until the first installment of taxes is in. The District Attorney was instructed to prepare the necessary resolution for the September 1st meeting.

Mrs. Frances M. Head was granted permission to attend a 4-H staff training program in Berkeley on September 22nd and 23rd.

The Board appointed Ernest A. Bailey, Richard W. Shoemaker, Leland S. Smith, Clarence E. Gassaway, Eugene Walter, Jr., Andrew L. Baker, Thorp D. Sawyer, Cecil Edmunds, H. H. Hyatt, and accepted the offer of the County Clerk to call an organizational meeting for a water conservation program in Nevada County.

The Board received a deed from C. F. Shamberger, et ux for a small parcel of land for road purposes. A deed was given to Mr. Shamberger to a small parcel at the former County Farm.

A contract was executed with Michie City Publications Co. of Los Angeles for $2,425.00 for codification of County Ordinances.

The Board adopted Ordinance No. 201 and ordered the same published in The Union.

The request of the Road Commissioner to allow the inspector at the Mooney Flat bridge project 8c per mile to and from the job was denied.

The Road Commissioner was granted permission to attend the Supervisor's convention in Monterey in September.

The Board adopted the preliminary budget without change as the final budget for the 1955-56 tax year and officially set the tax rates in accordance therewith.

Adjourned at 4:30 P.M. sine die.

R.E. DEEBLE
County Clerk & Ex-Officio
Clerk of the Board of
Supervisors.

The summer colony at Lake Tahoe is thining out with families beginning to leave for their homes.

R. R. Walker's address has been changed from Tahoe Pines to Berkeley and the family of Dr. Lee Hand is leaving Tahoe City for San Francisco.

GOLF MATCHES TO BE HELD AT LAKE

TAHOE CITY—The biggest event in golfing for the season is announced as being held on the Tahoe City course and at Brockway course on four successive days in early September—8, 9, 10 and 11. This tournament which heretofore has been held in Reno, is known as the Northern California-Tahoe Open Tournament under the new name recently given to it, but was formerly called the Northern California Open.

The change in the name was announced this week by Peter Marich, who also stated that this tournament carries a prize of $7500. It is to be a divided game with 36 holes being played on September 8 and 9 and the pro-amateur competition held on the 10th and 11th.

Miss Marcia Dudley of Berkeley who has spent much of her time in this vicinity now has an address at the St. Luke's Nurses Home at San Francisco.

NOTICE OF INTENTION TO ENGAGE IN THE SALE OF ALCOHOLIC BEVERAGES

August 26, 1955

To Whom It May Concern:

Subject to issuance of the license applied for, and commencing not less than 15 days after the date posted, notice is hereby given that the undersigned proposes to sell alcoholic beverages at these premises, described as follows:

Big Bend Inn, N|S| Hgy. 40,
Big Ben, Placer County

Pursuant to such intention, the undersigned is applying to the Department of Alcoholic Beverage Control for issuance on original application of an alcholoic beverage license for these premises as follows:

On-Sale Beer

Anyone desiring to protest the issuance of such license may file a verified protest with the Department of Alcoholic Beverage Control at Sacramento, California, stating grounds for denial as provided by law. The premises are not now licensed for the sale of alcoholic beverages.

LOVING CARE IS NEEDED
WHEN YOU'RE DRIVING, TOO

There are so many ways to express your love for a child—amuse him, caress him, understand him, protect him . . . and drive well, with care.

Why?

Because more children 1 to 14 years old are killed as a result of motor vehicle accidents than by polio, heart disease, cancer, tuberculosis, or any of the most dreaded childhood diseases!

Driving well isn't easy. But it is so terribly important.

So, if only for this reason, take a fresh look at yourself behind the wheel. It's so important to be—not just a good driver—but an expert.

A GOOD PARENT
IS A GOOD DRIVER

NOBODY HURT HERE—It's just two telephone construction men, Harry Dunn, left, and Dan Cevello showing how to apply artificial respiration atop a telephone pole. The demonstration is part of the company's safety training program. Speed counts when a man has received an electric shock. The rescuer can start the victim breathing again by grasping him around the middle, then raising and lowering his arms.

DUMMY TAKES RAP FOR PHONE MEN IN SAFETY STEP

For the sake of 30 local telephone men, a tiny puppet goes around getting itself shocked silly by up to 10,000 volts of electricity.

The puppet is the now slightly energized star of a traveling telephone company safety show. It shows what can happen if telephone workers are not careful about electricity. The puppet takes the jolts so they won't.

While the puppet gets the shocks and spotlight, the instructors put a lot of emphasis on other safety lessons too. The need for speed is one in electrical shock cases.

When a lineman runs into that kind of trouble, there may not be time to lower him to the ground. Telephone men are taught to start a victim breathing again by grasping him around the middle, then raising and lowering his arms. All this happens while they're atop the pole.

J. J. Williams who handles the safety program for Pacific Telephone here, figures that shows like these are one reason the company has built such a proud safety record.

Lost time accidents, he said, in the company's Northern California area have dropped from about nine accidents per 1000 employes in 1945 to just over one accident per 1000 workers last year.

That record has helped the Bell System earn the National Safety Council's award of honor for the past three years.

The little puppet drives his message home by re-enacting actual accidents, the kind that can happen when men don't pay attention to safety rules. This is one of them:

A lineman working on an overhead cable rests his hand on a street light connection. He doesn't bother to wear rubber gloves because it is broad daylight. The lights are off and so there should be no danger.

But that's when the light company decides to run a test. The light bracket is defective and the lineman is electrocuted.

The little puppet is helping to make sure that doesn't happen here.

FAIR OPENS

SACRAMENTO (CNS)—The California State Fair opens its gates today for an 11-day run which will attract nearly a million visitors. Almost four miles of ribbon will be used to applaud the people of the state with prizes for their productive efforts being exhibited at the exposition.

MEMBER DRIVE OF TAHOE CHAMBER SET FOR SEPT. 13

TAHOE CITY—Directors, and many of the members of the Lake Tahoe-Sierra Chamber of Commerce, are preparing for a busy September.

Already preparations are underway for the third annual Mile High Gold Cup motor boat regatta, to be run off the Tahoe City shore on September 10. The program, more elaborate than ever before, has been published and will be on sale arond the first.

Accommodations for race officials of the American Power Boat Association, as well as the drivers, have been donated by various resorts, and much of the money has been donated by sponsors, with trophies to go to the three first winners in each event.

On September 15 there will be a special meeting of directors of the chamber of commerce to review the results of the races and pay bills. The following day, September 16, has been scheduled for the election of chamber officers for the coming term. This will be a luncheon-meeting, held at the Homewood resort. President, vice-president, treasurer and five directors are to be elected at this time. Secretary Myrtle Carnell's attention has been directed to the chamber's by-laws which state that membership must be paid by September 1 in order to qualify for voting, or being elected to office.

NEVADA COUNTY TO SHARE IN GAS FUND

SACRAMENTO (CNS) — State Controller Robert C. Kirkwood today announced that Nevada County's share of the $5,509,345 in highway users taxes available for apportionmentt o counties for the month of June was $20,782.

The total amount apportioned from highway users taxes for the month reached $22,791,466, Kirkwood said. Of this amount, cities received $2,141,167, and the state highway construction fund $15,140,954.

CARD OF THANKS

We wish to thank our friends and neighbors of the Tahoe region who kindly offered sympathy and flowers at the time of our recent bereavement.

NEWS NOTES FROM TAHOE

by Ethel Joslin Vernon

Painting Maintenance

Last week's column of NEWS NOTES included an item of information connected with the opening of schools here which we obtained from school authorities and which we inserted juts as it was given, including thus: "James Martin of this city has been appointed school maintainance manager for the Tahoe Lake School." But it seems, according to James Martin, that this small item is—in his words—"all terribly wrong," and he wishes us to include in this issue a correction: "I am not school maintainance manager, but only 'painting maintainance man' for the school. Mr. Jake Stuart of Lake Forest is maintainance manager, and I don't want him to think I am stepping on his toes!" And so we insert this correction exactly as Mr. Martin indicated he wanted it when he made a special call here last week to put in his complaint.

Warners Move

Many friends in this community will be sorry to hear that our good neighbors, the Charles Warner family are moving away from Tahoe City permanently this week. During the past week they sold the last of their three homes in this locality and on Monday they planned to leave for their new place at 18611 Runo Court, in Cupertino, Calif., a town not far from San Jose. In 1937 Mr. and Mrs. Charles Warner came to this locality as a bride and groom, pitched their camp in the Government Park campground and, as Mr. Warner says, planned to spend about 18 days on a honeymoon here. The honeymoon lengthened until in the end their residence at Tahoe numbered 18 years. During the past 10 years, Mr. Warner has been very busy here as a building contractor, and also within that time they have become the parents of two fine sons, Chick, who has completed a few semesters in elementary school, and Denny who will soon be two. Mrs. Warner is a graduate of University of California and is widely experienced in architectural work, and through the past several years has prepared the plans for most of her husband's building operations. With this permanent move to the lower altitudes Mr. Warner now plans to retire from active business.

Valentines Travel

From the C. O. Valentines, oldtime Tahoites from 'way back, comes another letter like a breath of high air from the Sky Lanes. And it literally is from there, for the Valentines spend most almost all their time these beautiful days in airplane travel. This time Mrs. Valentine writes: "If you look up into the wild blue wonder on September 31st you might catch sight of us as we soar along toward the North Pole." And she adds—"We expect to land there—(we hope)—in Bonhagen on the second morning out. Keep your fingers crossed for us—it will be our first trip to that part. There will be return trips through England, Ireland and Scotland. Will find some time in New York and other way-points to write and send scenic cards." Bon voyage to the Flying Valentines!

Dog Returns

News from Tahoe animal kingdom this week includes the following items of interest "Jingle-Belle" a fluffy white Siberian huskey belonging to Mrs. Tessie Anderson of this city, returned to her home here during the past week after being mourned as lost for about a month. The beautiful animal was worn and weary from a long hard trip, and dangled a license issued in Yerington. Evidentally someone besides Jingle-Belle's owner liked her looks well enough to pick her up on their way through this locality.

Colt Born

And then there is another prominent individual among the animal kingdom's Tahoe population who deserves an honorable mention. She is "Pal-O-Mine Marion," a registered Palamino mare, belonging to John Blanchard, son of Doc Blanchard who spends his summers in Tahoe City. The mare, whose nick name is "Snooks," is the proud mother of a strapping thoroughbred colt, born on the Tahoe City golf course about a month ago. The young native has been named "Tahoe," and is living up to his name in healthful popularity.

Is Recuperating

A cheerful message has just reached us by relay from Mrs. Ruth Droste who is recuperating at present at St. Mary's Hospital in Reno. Mrs. Droste is progressing nicely, and expects to return to her home here before very long.

Many friends in this vicinity during the past week regretfully heard the news of the passing of W. A. Simmonds at an Auburn hospital on Tuesday, August 23. Private funeral services were held the following Friday at 2 p.m. in Fallon, Nev, a town where Simmonds spent many years of his younger life, and where some of his near relatives still reside. He was 91 years old at the time of his death. The last rites were attended only by the immediate family, and interment was made in the Fallon family plot.

Barton Recommended

At a special meeting of directors of the Lake Tahoe-Sierra Chamber of Commerce held here last Thursday evening, it was voted to petition Gov. Goodwin J. Knight to appoint Col. A. M. Barton as a member at-large on the California-Nevada Interstate Water Compact, for control of the waters of Lake Tahoe, and matters of flood control on the Truckee and Carson rivers. Col. Barton was chairman of the Lake Tahoe Interstate Water Conference Committee which the new pact replaces. He is chief engineer and general manager of the Reclamation Board of the State of California, and was appointed to the former committee by the late Gov. James Rolph during the dispute over pumping water from Lake Tahoe by Nevada water interests between 1924 and 1932. Gov. F. F. Balzar had appointed a conference committee for Nevada at that time and the interstate committee finally ironed out their differences. This special meeting was held at the home of George Kehlet at Meeks Bay.

Rotary Meets

President Vernon Bartell presided at the August 23 luncheon-meeting of the Rotary Club of Tahoe City, with 26 visiting Rotarians and guests of Rotarians present, besides the usual number of regular members. Basil Kehoe was program chairman. James Martin wrote the original of the welcome bulletin which was reproduced for the visitors by E. J. Vernon as usual. Guest speaker at the meeting was Bishop Noel Porter, a Sacramento Rotarian, and pastor during the summer months of the Episcopal outdoor chapel here. Following his usual humorous stories, for which the bishop is famous, he gave an admirable speech on the subject of the Rotarian motto—"Service Above Self."

Tahoe Visitors

Visitors to Tahoe City during the past week were Mr. and Mrs. Ernest Grebnau of Menlo Park, and Mr. and Mrs. James Skelly of La Jolla, Calif. The two couples were houseguests during their stay in the Tahoe Park house of the Carl Bechdolt, Sr's.

Gets Advance

A letter this week from A/1c Florence B. Vernon of Hamilton Air Force Base tells of her recent advance in special services there. On Tuesday of last week the transfer was made from photo lab. technician to librarian. She likes the change in work very much and says her superior officer suggests that she study the work thoroughly, as she will doubtless be asked to take the position of librarian in charge, in the near future. Her letter also gives an interesting description of events at the air force convention held in San Francisco recently, three days of which she enjoyed, making the various excursions from a reserved suite at the Sheraton Palace Hotel.

Toastmaster of the main program on the closing evening was John R. Alison, president of the A.F.A., who introduced Chaplain James F. Patterson, USAF, who offered the prayer, Lt. Governor of California Harold J. Powers, who gave the welcome address, and the Honorable Roger Lewis, assistant secretary of the air force, who made the presentation of awards.

A few of those who received honor awards at the convention were: Chief of Staff Nathan F. Twining, USAF—James Stewart, Hollywood actor, Paul Lavalle, Hollywood musician, and Jack L. Warner of Warner Brtohers motion pictures. Among prominent people specially introduced were the following: Mrs. Hap Arnold, Maj. Gen. Wm. F. Dean, Admiral Spatt, Admiral Nimitz, Lt. Gen. Leon Johnson, Maj. Gen. Lucas V. Beau, and the first three prisoners who were released by the Communists recently in China.

TAHOE NURSERY NOTES

Mother get acquainted with your little guys and gals. You can learn a lot about your "tot" at Nursery School. Help your child become better adjusted. Dues are $1 a month for family paid at the first night meeting each month. Your attendance is a must at the meetings or Daddy can go in your place. Movies and discussions on various behavior problems will be on this years' programs.

Good Food Credited For Preventing Riots In California's Prisons

SACRAMENTO (CNS)— State Director of Corrections Richard A. McGee in a report to Governor Knight today credited the serving of good food in California's prisons as a factor in the prevention of inmate riots in the institutions.

The cost of serving 45,000 meals daily to some 15,000 prisoners runs about $10,000 a day, McGee said. This amounts to some $4,000,000 a year, or 18 per cent of the department of correction's budget.

Service of well balanced meals also provides approximately 1500 inmates with work inside prison walls, the director noted. Such assignments include cooks, bakers, meatcutters, and waiters.

McGee said much of the vegetables, poultry, eggs, milk, pork and beef used is produced by the institutions. Some of these foods are canned at the institution for men at Chino and at Folsom prison.

Governor Promises Park Development Next Year

SACRAMENTO (CNS) — Once again, Gov. Goodwin J. Knight has promised an "orderly, comprehensive program of recreational development" to be submitted by the state division of beaches and parks at the 1956 budget session of the state legislature.

The announcement from the governor's office, it was learned, was prompted by "heat" which has developed throughout the state over the governor's by-passing the omnibus appropriation for acquisition of new state parks, voted by the 1955 legislature.

The governor said the claim has been widely circulated throughout the state that he could have, had he desired, cut certain appropriations from the omnibus bill, and paved the way for acquisition of specified projects.

The governor declared this was not the case. He said that had he reduced the total amount of the special appropriations of more than $15 million that each project would have been entitled to a proportionate share of the money.

The governor said that the claim he was able to reduce the appropriation had been circulated by the "disappointed or disgruntled." Several areas of the state were affected by the bill, primarily areas which have been neglected in the past by the state division of beaches and parks.

State's Population Now Set at Over 13 Million

SACRAMENTO (CNS) — The state department of finance today fixed the unofficial population of California as of July 1 at an estimated 13,035,000, a gain of 440,000 during the preceding year.

In a report to the governor, the department said migrations continue at the rate of about 200,000 new residents annually. Births are expected to total 312,000 during this year, while deaths were estimated at 115,000.

The department said the birth rate shows no decline since World War II, and that the death rate is one of the lowest on record.

NOTICE TO BIDDERS

Notice is hereby given that sealed bids will be received by the Governing Board of the Tahoe-Truckee Unified School District, Placer and Nevada Counties, California, at the Office of the Superintendent, Truckee, California, on or before, and no later than Friday, September 2, 1955, at 5:00 P.M. for a contract to furnish transportation for school children from Squaw Valley Lodge to Highway No. 89 at its intersection with the Squaw Valley Road in accordance with specifications on file in the office of the Superintendent of Schools.

The Governing Board reserves the right to reject any and all bids, in part or in total, to waive any irregularities, and to be the sole judge of the suitability of the contract offered.

Bidder are required to furnish bond, or certified check in an amount equal to ten (10%) per cent of the total bid.

By order of the Governing Board of the Tahoe-Truckee Unified School District.

NO MORE LIQUOR LICENSES THIS YEAR

State Liquor Director Russell S. Munro has advised the San Francisco Chronicle that no new liquor licenses will be issued anywhere in California this year, according to a press dispatch this week.

"And I'm not at all convinced at the moment that any need for new licenses will be seen even next year," the director is quoted as saying.

Munro said that existing bar licenses in southern California are now being sold for about $4000, a drop of several thousand dollars in value in recent months.

Beginning at the first of next year, state issued licenses will cost $6000 instead of the present $580, the director pointed out. He said it is not likely anyone would pay the state $6000 for a new license when an old one can be obtained through transfer for $4000.

Crosswalk Near Schools Must Have Yellow Paint

SACRAMENTO (CNS)—Attorney General Edmund G. Brown ruled today that crosswalks near schools as well as next to schools must be painted yellow in accordance with a state law passed by the 1955 legislature.

Brown held that the legislature intended to mark crossings near school grounds which carry the bulk of pedestrian traffic to schools in the immediate vicinity.

A 90-mile "Wonderland Trail" completely encircles Mount Rainier in Mount Rainier National Park.

TEN COMMANDMENTS FOR HUNTERS LISTED

With the hunting season approaching, the Sporting Arms and Ammunition Manufacturers Institute of New York has issued the following ten commandments of safety:

(1) Treat every gun with the respect due a loaded gun. This is the first rule of gun safety.

(2) Guns carried into camp or home, or when otherwise not in use, must always be unloaded, and taken down or have actions open; guns always should be carried in cases to the shooting area.

(3) Always be sure barrel and action are clear of obstructions, and that you have only ammunition of the proper size for the gun you are carrying. Remove oil and grease from chamber before firing.

(4) Always carry your gun so that you can control the direction of the muzzle, even if you stumble; keep the safety or until you are ready to shoot.

(5) Be sure of your target before you pull the trigger; know the identifying features of the game you intend to hunt.

(6) Never point a gun at anything you do not want to shoot; avoid all horseplay while handling a gun.

(7) Unattended guns should be unloaded; guns and ammunition should be stored separately beyond reach of children and careless adults.

(8) Never climb a tree or fence or jump a ditch with a loaded gun; never pull a gun toward you by the muzzle.

(9 Never shoot a bullet at a flat, hard surface or the surface of water; when at target practice, be sure your backstop is adequate.

(10 Avoid alcoholic drinks before or during shooting.

CERTIFICATE OF COPARTNERS DOING BUSINESS UNDER FICTITIOUS NAME

KNOW ALL MEN BY THESE PRESENTS:

We, the undersigned, EDWARD F. HOLTZ and ANITA L. HOLTZ, do hereby certify:

That we are copartners transacting business in the State of California, under the fictitious name and style of ANITA COURT; that the principal place of business of said copartnership is situated on Highway 40, approximately one and one-half miles west of Truckee, County of Nevada, State of California, and that the names in full of all the members of said copartnership, and their respective places of residence are as follows, to-wit:

EDWARD F. HOLTZ, Post Office Box 133, Truckee, California.

ANITA L. HOLTZ, Post Office Box 133, Truckee, California.

IN WITNESS WHEREOF we have hereunto set our hands this 30th day of August, 1955.

EDWARD F. HOLTZ
ANITA L. HOLTZ

STATE OF CALIFORNIA,)
)ss.
County of Nevada)

On this 30th day of August in the year one thousand nine hundred and fifty-five, before me, Joseph W. Day, a Notary Public in and for the County of Nevada, State of California, residing therein, duly commissioned and sworn, personally appeared Edward F. Holtz and Anita L. Holtz known to me to be the persons whose names are subscribed to the foregoing instrument and acknowledged to me that they executed the same.

IN WITNESS WHEREOF I have hereunto set my hand and affixed my official seal at my office in the County of Nevada, the day and year in this certificate just above written.

(SEAL)

JOSEPH W. DAY
My Commission expires
August 20, 1958.
(s1-8-15-22)

Dove Season In State Starts On Saturday

Dove hunters who traditionally have been opening the season on September 1 again were reminded that the 1955 season begins on Saturday, September 3 in keeping with commission policy to open as many seasons as possible on Saturday.

An additional change is the one-half hour before sunrise opening, in contrast to former noon starts.

Department of fish and game field men have reported normal flights of birds, and good shooting is seen until the first rains scatter the birds.

The season will continue on a straight 30-day basis throughout California, closing on October 2.

NEW STORE HOURS

Rose Market this week announced that starting Labor Day, the Truckee store will be open from 9 a.m. until 8 p.m. daily, instead of 8 a.m. to 9 p.m. as at present.

CIVILIAN DEFENSE MAN CLUB SPEAKER

KINGS BEACH—President Bill Randall conducted the regular meeting of the Brockway Rotary Club Monday night, August 29. He called for the introduction of visiting Rotarians and guests, receiving a response from the clubs of Santa Cruz, Laguna Beach, La Mesa, Tahoe City, Truckee, Catalina-Tucson, Hollister, 29 Palms, North Fresno, and Placentia, a total of 21 visiting Rotarians and two guests.

After the introductions the meeting was turned over to Program Chairman Hank Dodd who introduced Eck Holgate, chairman of Civilian Defense of Washoe County, Nev.

Holgate spoke on the atomic test at Yucca Flat. Describing in a most interesting manner the test he had witnessed and the effect on the town that had been constructed for the said test, iis being a thorough demolition. He also told of what effect an atomic attack might have on our own community. September 17th will be ladies' night.

400 PARTICIPATE IN ANNUAL GOLF TOURNEY AT LAKE

TAHOE CITY—The Tahoe City Annual Golf Tournament was held here over the weekend, opening on August 26 and finishing on the late afternoon on the 28th. The tournament included 22 entries, and 160 awards, donated by merchants and resort owners of this region and adjoining vicinities, were presented during the closing program on Sunday evening. Mr. and Mrs. Carl Bechdolt, Jr., were hosts at the golf club's cocktail hour, while the Tahoe Inn with Bill Bechdolt, manager and Carl Bechdolt, Sr., owner, supplied the buffet supper which was enjoyed by more than 400 entrants and visitors.

The Tahoe City Volunteer Fire Department was prominent on the golf program with a novel hole-in-one contest which offered two $25 merchandise prizes, secured from the pro-shop. Lady's award for this event went to Tahoe's Pat Henry Fox, and the men's prize to W. D. Patterson. The volunteer department's shining new fire engine was on prominent display on the grounds throughout the tournament.

Tournament Results

Men's Gross: Ron Lucet, 68; Wally White, 69; Del Machabee, 69; Andy Augustino, 69.

Men's Net: Court Cayton, 59; Angelo Besio, 59 (lost in toss); Lyle Minor, 61.

Ladies' Gross: Florence Lewis, 72 (made course record); Sharon Johnson, 80; Alice Huckins, 83.

Ladies Net: Evelyn Christsen, 71 (on a play off); Chris Disbio, 71; Virginia Ardanis, 71.

In the Juniors 36-hole, the girls' gross went to Peggy Poulsen with 166. Linda Collins second with 170, and Lynn Willey third with 198. In girls' net it was Dianne Huchins—142, and Sharon Bechdolt 143.

Boys' Gross: Bruce McLean, 158; Lynn Uturri, 159; Larry Uturri, 162; Billy Judge, 165.

Boys' Net: Greg Nieto, 115; Mort Brennan, 126 Parky Bechdolt, 133.

A special four-year-old contest was staged between the young Bechdolt cousins, Jimmy and Cal. This proved to be the most interesting show of the entire run-off, with the two youthful champions playing like veterans. At the finish Jimmy led with a score of 198, Cal made 289.

PATROL PREDICTS DEATH OR INJURY DURING HOLIDAY

SACRAMENTO—Death or injury will be the fate of many traffic law violators this Labor Day weekend. This prediction by the California Highway Patrol is based on the traffic experiences recorded over the Memorial Day and Fourth of July weekend.

"Although every possible action is taken each holiday period by the traffic law enforcement agencies, the traffic toll continues to be unreasonable," declared Patrol Commissioner B. R. Caldwell. "Our enforcement efforts this Labor Day weekend will again be keyed to the problem with every available man and piece of equipment on the orad.

Professional techniques of traffic control and enforcement will be utilized to stop the accident-bound traffic violator before he injures of kills," Caldwell continued. "Appropriate enforcement action will be taken against all violators with particular attention given to fast driving, right-of-way violators, drinking drivers, and slow drivers who persist in staying in the passing lane on multi-lane roadways.

Barbecue Hostess—

Mrs. L. D. Nelson entertained her card club group at a 6 o'clock barbecue supper on Wednesday.

EDWIN LETTS OLIVER EXPIRES AT TAHOE DURING VACATION

TAHOE CITY—Edwin Letts Oliver, 77, board chairman of Dorr-Oliver, Inc., a world wide engineering firm, died while vacationing at this Sierra resort.

He was stricken Saturday with a heart attack.

Oliver, a resident of Piedmont, was former president and board chairman of Oliver United Filters, Inc., which merged last December 31 with the Dorr Company to form Dorr-Oliver, Inc., wtih headquarters in Stamford, Conn.

The firms turns out the cyanide process automatic filter Oliver patented in 1910 while working as a metallurgist in Grass Valley, Nevada County.

From 1925 until 1951, he was president of the Idaho Maryland Mines Corporation.

Dorr, a native Californian, was widely known in the fields of engineering and metallurgy.

He was the husband of Minnie Walker Oliver, father of Roberta Greenlee and Mary Shannon, William Letts Oliver II and Edwin Letts Oliver, Jr., also surviving are nine grandchildren and one great grandchild.

Oakland Family at Lake—

The Knute Palmquist family of Oakland have been sojourning at their home at Donner Lake.

See Friends—

Mr. and Mrs. Art Walters of Sacramento were visiting local friends on Monday, en route to Reno.

Here Monday—

Mr. and Mrs. Harry Oliver of Sacramento were one-day visitors on Monday.

From Utah—

Mrs. Elizabeth Farrell returned from Utah last week where she visited relatives for several weeks.

Postal Exam Called

BROCKWAY — Examinations for postmaster at the fourth-class Brockway office will be held in Reno in the near future and applicants are invited to secure the necessary papers at the postoffice. All applications must be postmarked not later than September 13.

Tarzan
by EDGAR RICE BURROUGHS
A PRETTY, YET SAVAGE-LOOKING GIRL WAS FRIGHTENED BY TARZAN, AND FLED AWAY THROUGH THE FOREST.
TARZAN DRANK FROM A CRYSTAL-CLEAR BROOK LEISURELY, UNTIL HE WAS ROUSED BY A SUDDEN SCREAM OF TERROR!
GALVANIZED INTO ACTION, HE LEAPED TO THE TREES TO INVESTIGATE THE PATHETIC CRY.
PRESENTLY HE ARRIVED ON A DISTRESSING SCENE-- THE HUGE GORILLA HAD CAPTURED THE GIRL!
Copr. 1955, Edgar Rice Burroughs, Inc.—Tm. Reg. U.S. Pat Off.
Distr. by United Feature Syndicate, Inc.
DICK VANBUREN JOHN CELARDO
A CHALLENGING ROAR RESOUNDED OVER THE JUNGLE AS TARZAN SWIFTLY SPRANG DOWNWARD ON BOLGANI--
9-4 1278
HE CLASHED WITH THE HIDEOUS APE, TEARING AND RENDING, AND THEN, SURPRISINGLY, THE GIRL PLUNGED HER SPEAR INTO THE BRUTE'S CHEST!

WE'RE POOR LITTLE JUNIORS ...WHO HAVE LOST OUR PAROLE....
BA BA BA
WHAT IS THIS??
THE SEPTEMBER LAMENT!
THIS IS THE BACK-TO-THE BRICK-BRAIN-FACTORY-BROTHERHOOD MUSTER!
R
A LAST FLING AS WE BID FOND FAREWELL TO FREEDOM!
YOU MEAN THIS IS A PARTY TO CRY IN YOUR COKE BECAUSE SCHOOL IS OPENING??
SHHH! HERE COMES THE "BATHING SUIT BURNING"!
IT'S A RITUAL!
GOOD NIGHT, SWEET SWIMS!
AND SO, LAZY NIGHTS GIVE WAY TO HOMEWORK!
BEACH BALLS TO STUDY HALLS!
CANOES TO CURFEWS!
EVIDENTLY YOU CONDEMNED KIDS HAVEN'T HEARD OF YOUR REPRIEVE!
THE NEW ADDITION ISN'T FINISHED AND SCHOOL WON'T OPEN FOR ANOTHER WEEK!
WHAT?!
WITH ALL THE NEW CLOTHES WE'VE BOUGHT AND ARE DYING TO WEAR!
WE'LL BE LATE WITH FOOTBALL TRAINING!
WE'LL MISS OUR LABOR-DAY DANCE!
WHAT ABOUT OUR EDUCATION?!

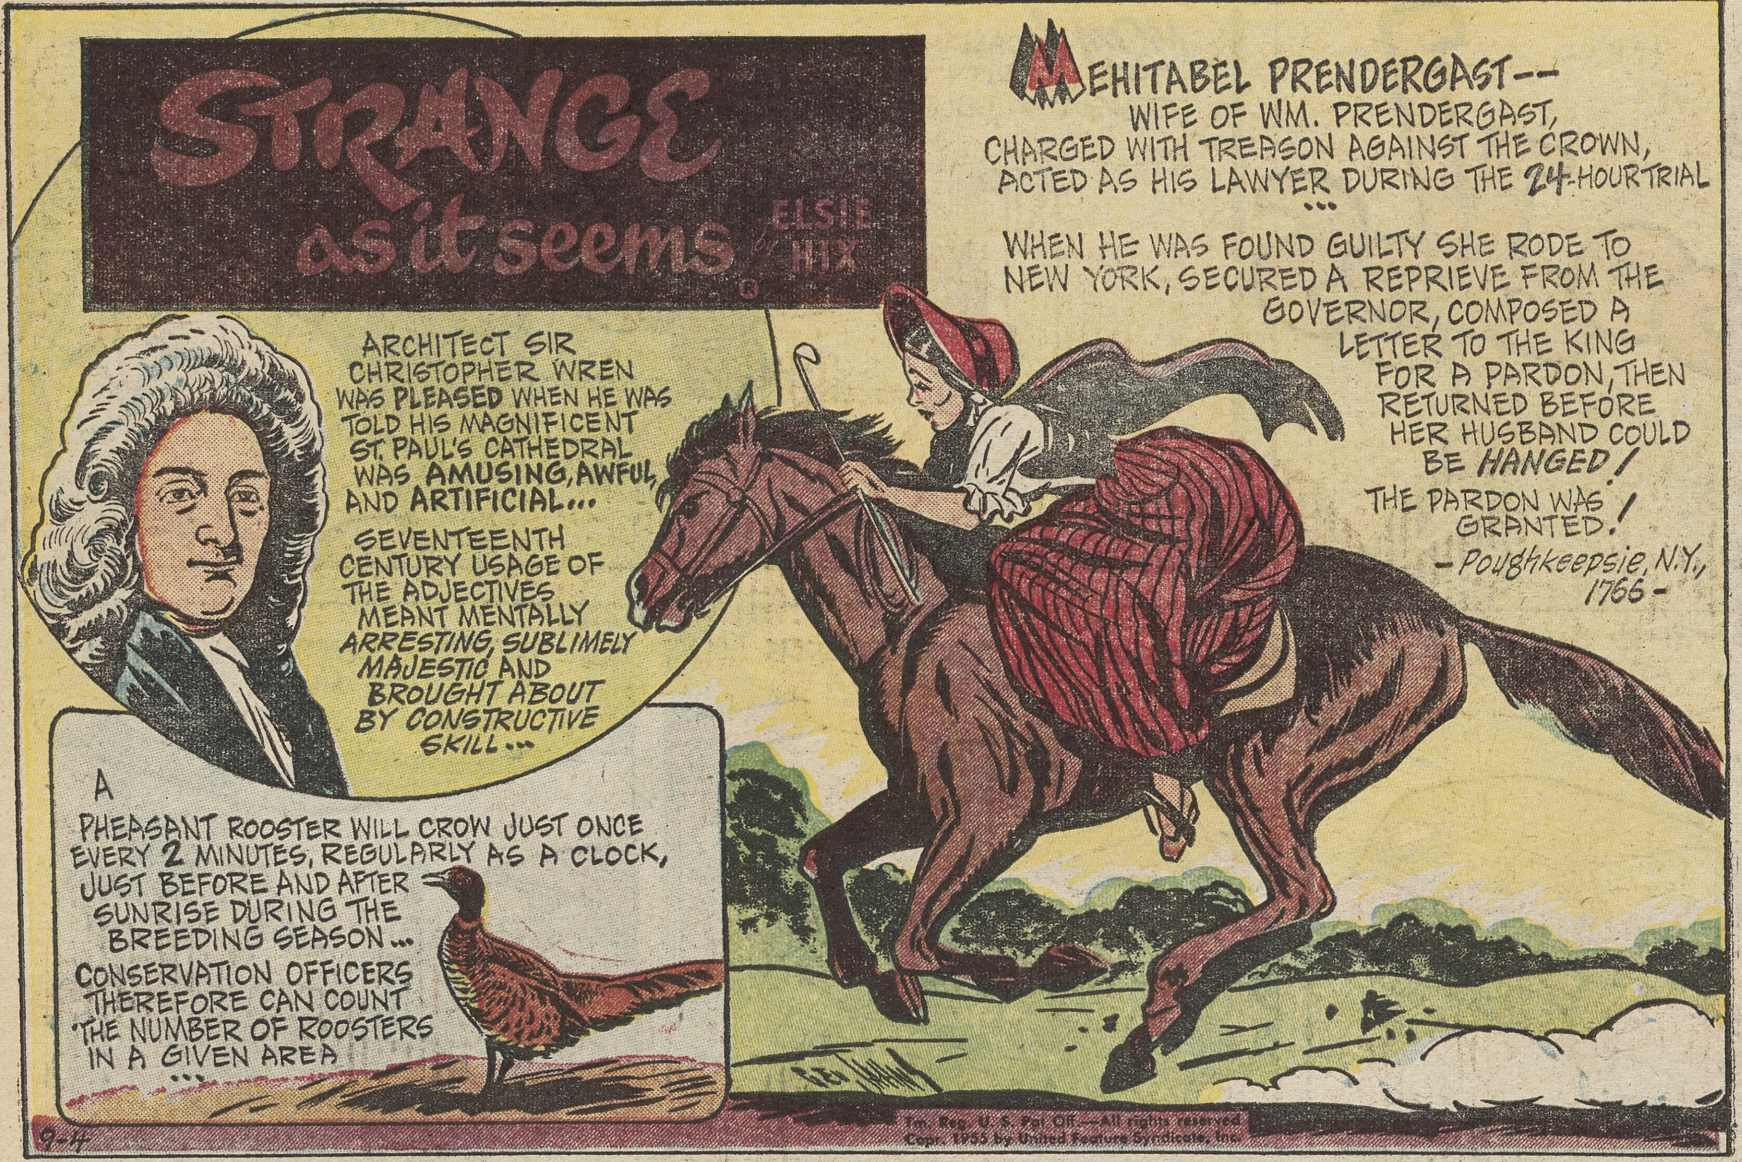
STRANGE as it seems

by ELSIE HIX



MEHITABEL PRENDERGAST--
WIFE OF WM. PRENDERGAST, CHARGED WITH TREASON AGAINST THE CROWN, ACTED AS HIS LAWYER DURING THE 24-HOUR TRIAL ...
WHEN HE WAS FOUND GUILTY SHE RODE TO NEW YORK, SECURED A REPRIEVE FROM THE GOVERNOR, COMPOSED A LETTER TO THE KING FOR A PARDON, THEN RETURNED BEFORE HER HUSBAND COULD BE HANGED!
THE PARDON WAS GRANTED!
-Poughkeepsie, N.Y., 1766-
ARCHITECT SIR CHRISTOPHER WREN WAS PLEASED WHEN HE WAS TOLD HIS MAGNIFICENT ST. PAUL'S CATHEDRAL WAS AMUSING, AWFUL, AND ARTIFICIAL...
SEVENTEENTH CENTURY USAGE OF THE ADJECTIVES MEANT MENTALLY ARRESTING, SUBLIMELY MAJESTIC AND BROUGHT ABOUT BY CONSTRUCTIVE SKILL...
A PHEASANT ROOSTER WILL CROW JUST ONCE EVERY 2 MINUTES, REGULARLY AS A CLOCK, JUST BEFORE AND AFTER SUNRISE DURING THE BREEDING SEASON...
CONSERVATION OFFICERS THEREFORE CAN COUNT THE NUMBER OF ROOSTERS IN A GIVEN AREA ...

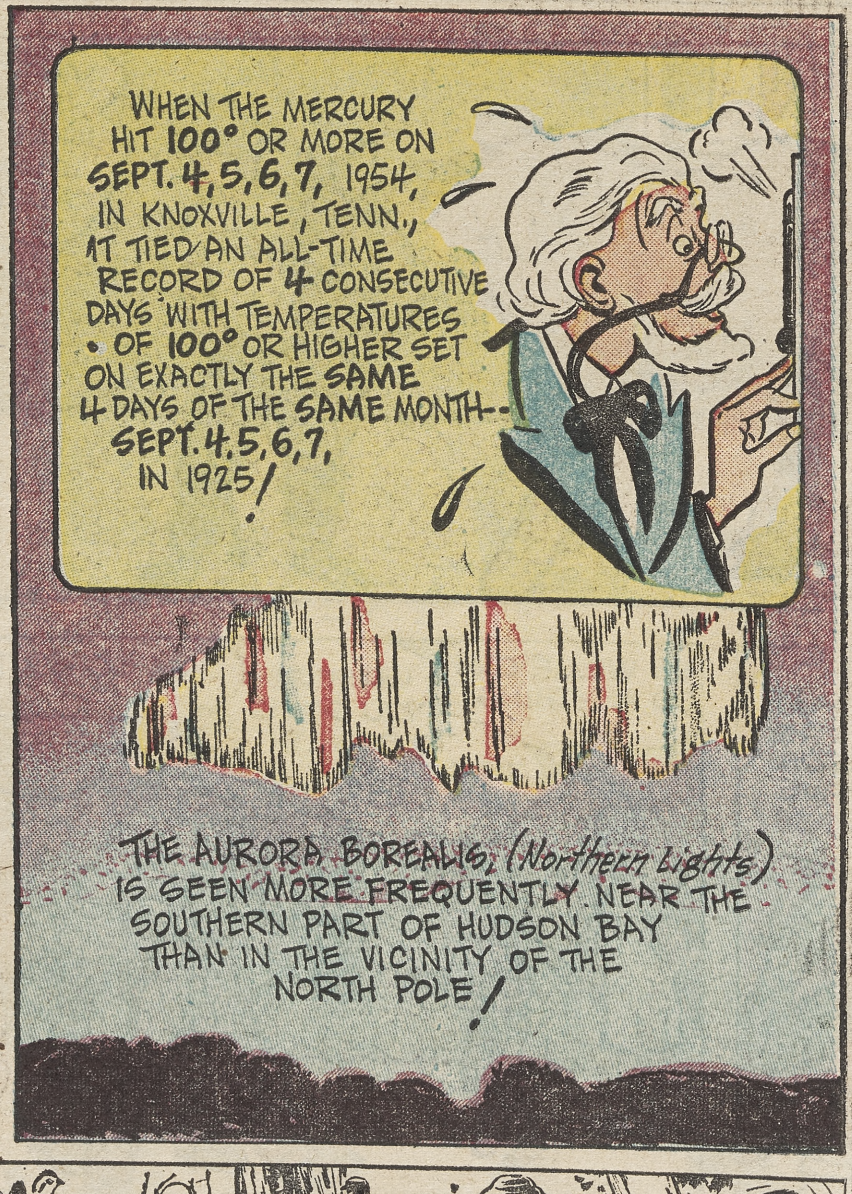
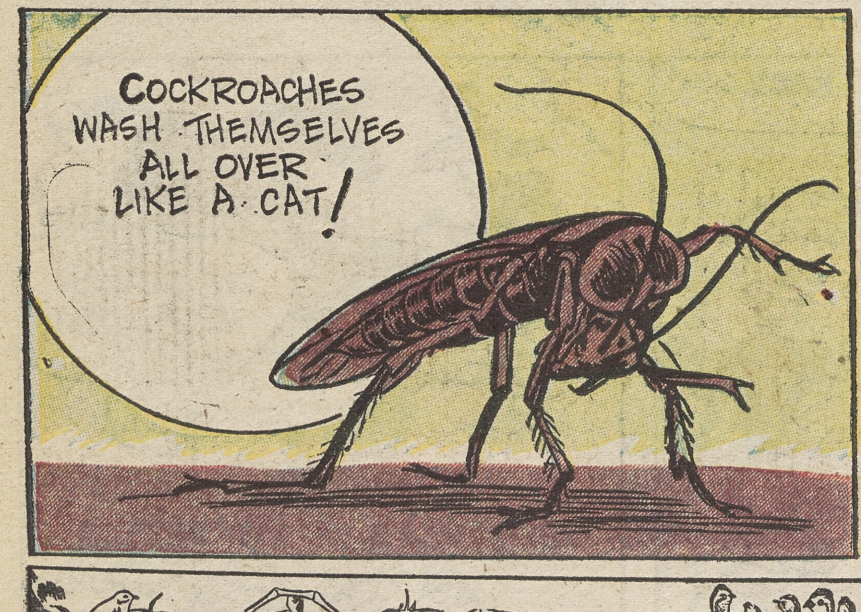
CHRYSANTHEMUMS--
ONE OF THE WORLD'S MOST BEAUTIFUL FLOWERS TODAY, WERE DEVELOPED FROM TINY FLOWERING WEEDS GROWN IN CHINA HUNDREDS OF YEARS AGO...



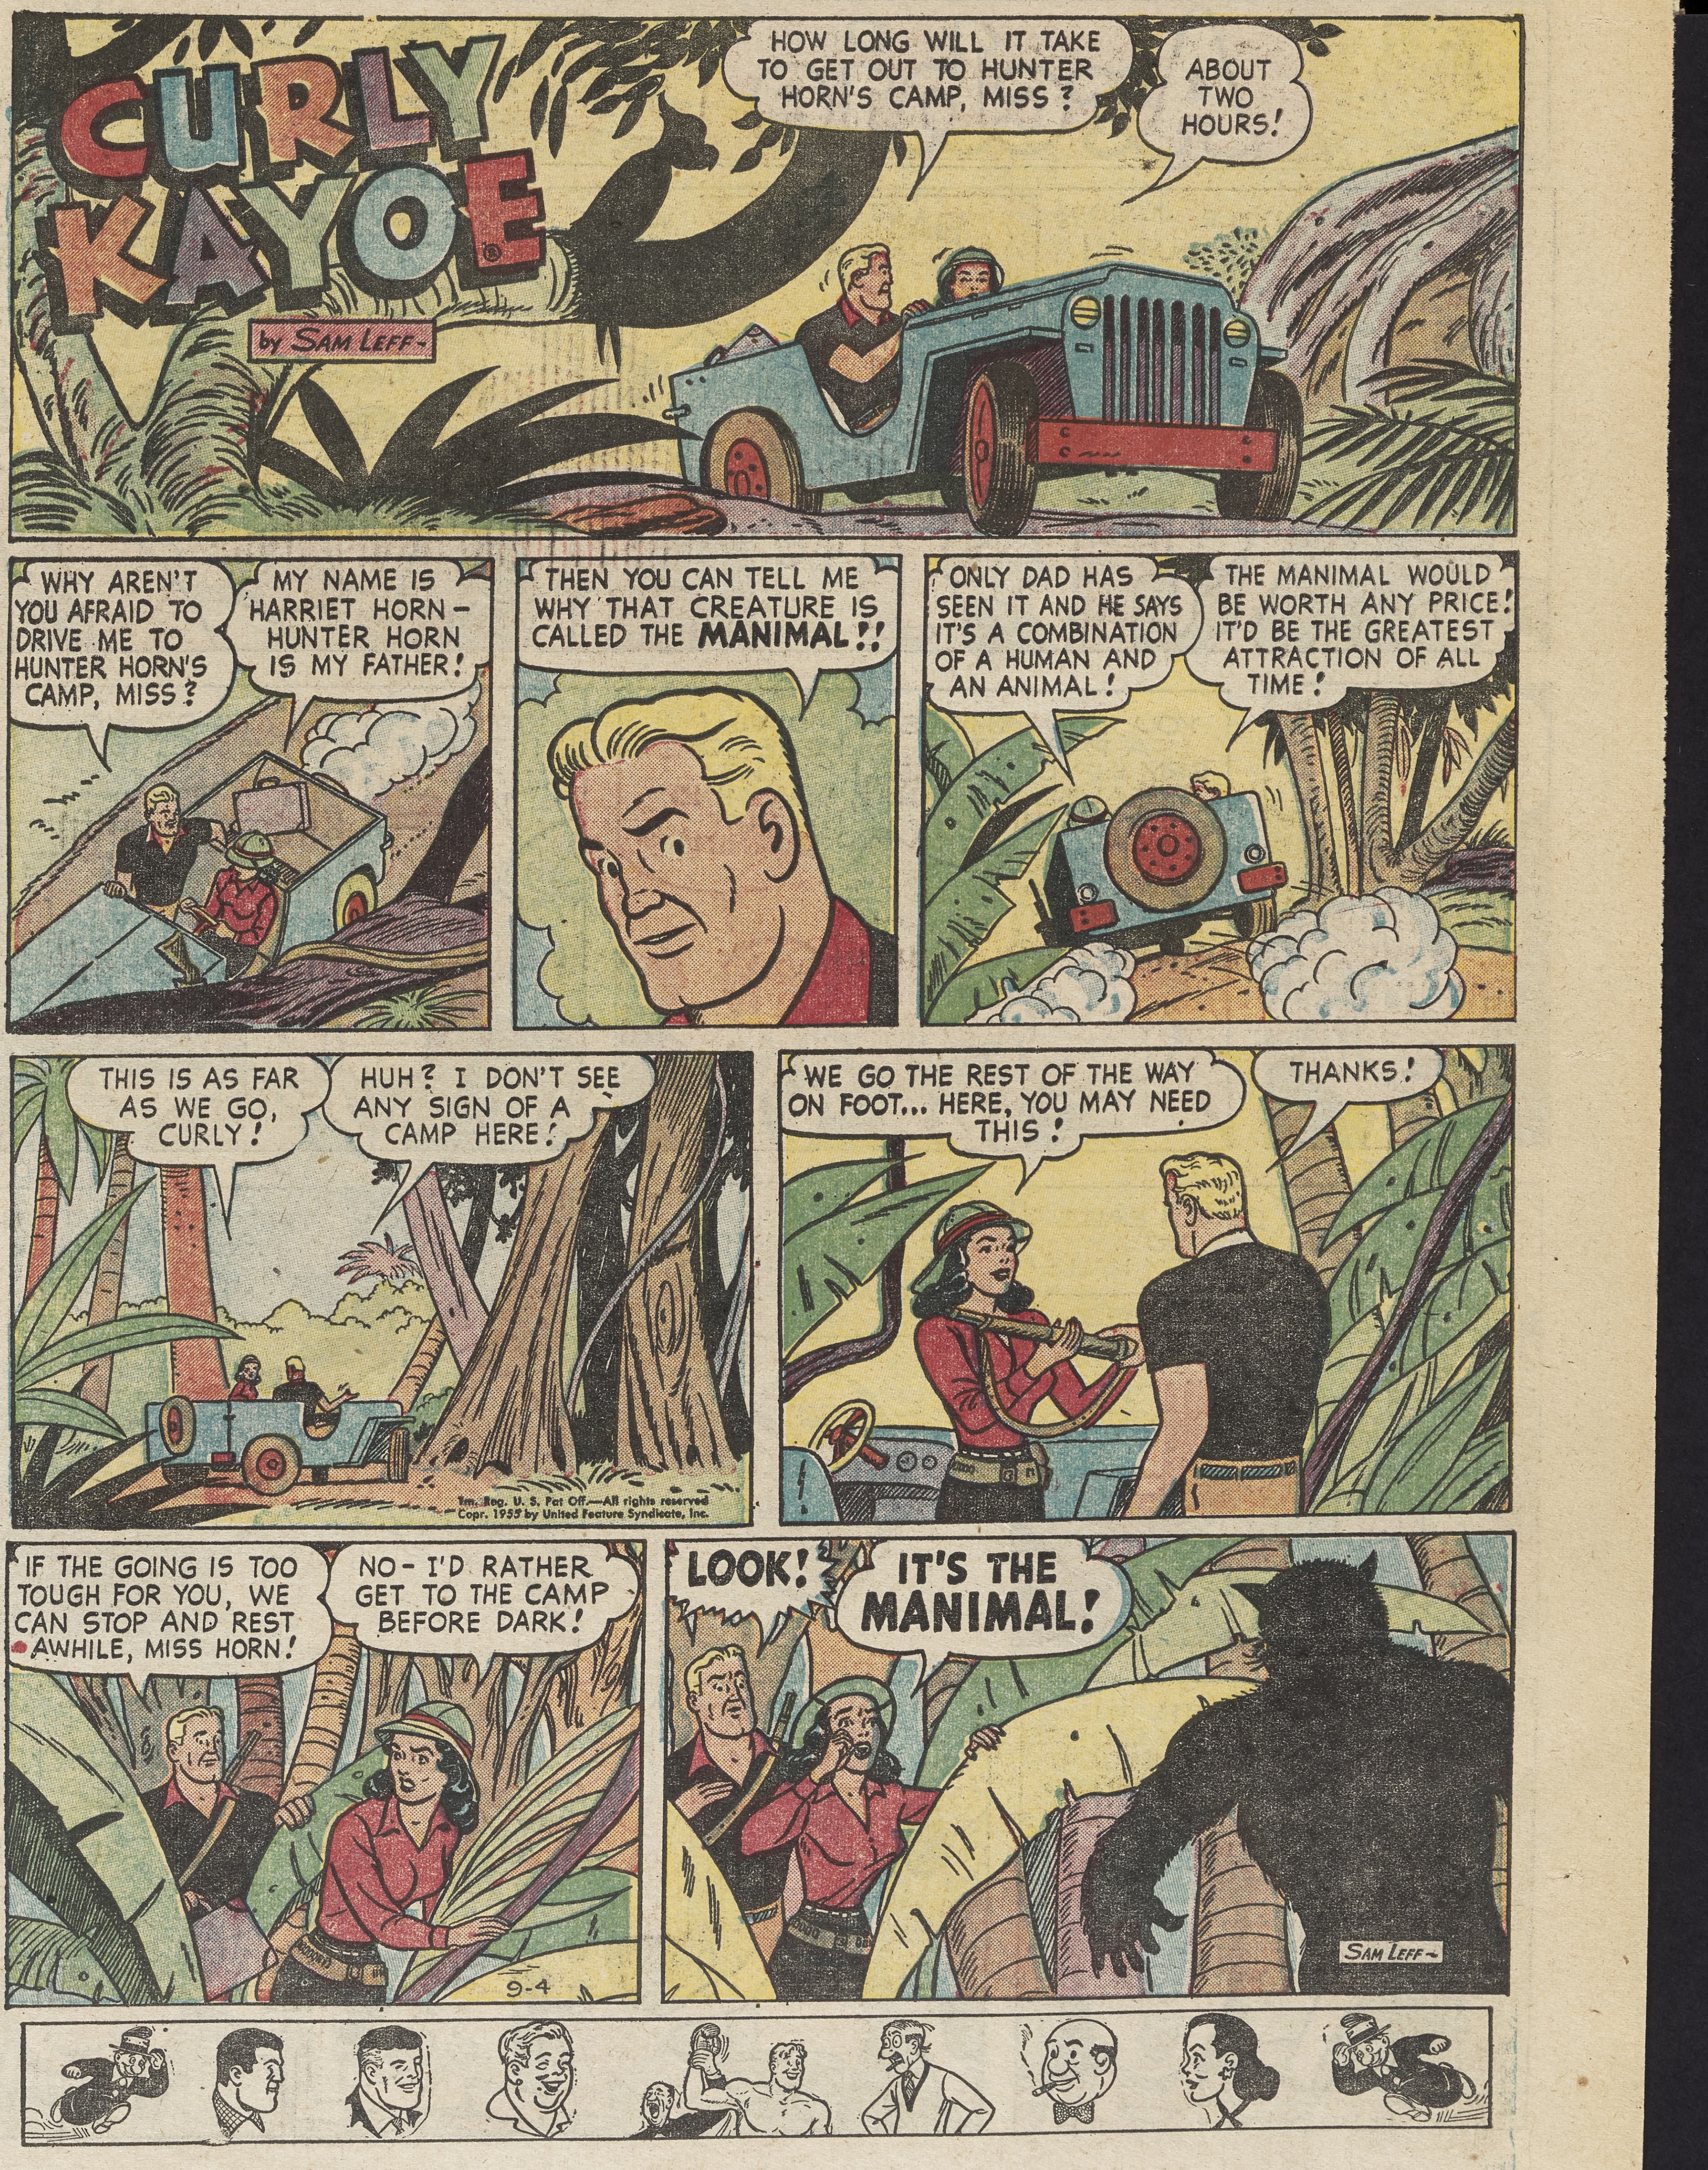
WHEN THE MERCURY HIT 100° OR MORE ON SEPT. 4, 5, 6, 7, 1954, IN KNOXVILLE, TENN., IT TIED AN ALL-TIME RECORD OF 4 CONSECUTIVE DAYS WITH TEMPERATURES OF 100° OR HIGHER SET ON EXACTLY THE SAME 4 DAYS OF THE SAME MONTH-- SEPT. 4, 5, 6, 7, IN 1925!
THE AURORA BOREALIS, (Northern Lights) IS SEEN MORE FREQUENTLY NEAR THE SOUTHERN PART OF HUDSON BAY THAN IN THE VICINITY OF THE NORTH POLE!



COCKROACHES WASH THEMSELVES ALL OVER LIKE A CAT!

CURLY KAYOE

by SAM LEFF



HOW LONG WILL IT TAKE TO GET OUT TO HUNTER HORN'S CAMP, MISS?
ABOUT TWO HOURS!
WHY AREN'T YOU AFRAID TO DRIVE ME TO HUNTER HORN'S CAMP, MISS?
MY NAME IS HARRIET HORN– HUNTER HORN IS MY FATHER!
THEN YOU CAN TELL ME WHY THAT CREATURE IS CALLED THE MANIMAL!!
ONLY DAD HAS SEEN IT AND HE SAYS IT'S A COMBINATION OF A HUMAN AND AN ANIMAL!
THE MANIMAL WOULD BE WORTH ANY PRICE! IT'D BE THE GREATEST ATTRACTION OF ALL TIME!
THIS IS AS FAR AS WE GO, CURLY!
HUH? I DON'T SEE ANY SIGN OF A CAMP HERE!
WE GO THE REST OF THE WAY ON FOOT... HERE, YOU MAY NEED THIS!
THANKS!
IF THE GOING IS TOO TOUGH FOR YOU, WE CAN STOP AND REST AWHILE, MISS HORN!
NO– I'D RATHER GET TO THE CAMP BEFORE DARK!
9-4
LOOK!
IT'S THE MANIMAL!
